

The last few days have provided all of us some unique challenges in relation to the Coronavirus (COVID-19), and we here at The First National Bank of Blanchester are always ready to meet those challenges head-on.

We will continue to monitor information from state and local authorities and will plan accordingly to balance the needs of our customers with the safety of our customers and employees.

As a reminder, you can access your account information 24/7 through ATMs, fnbblanchester.com and the FNB mobile app.

To better serve our customers, beginning **immediately**, all our customers will be able to use our mobile deposit capture feature in our mobile app FREE of charge. This means you will be able to make deposits to your FNB accounts through the mobile app from anywhere, at any time.

When using the mobile deposit, under your endorsement of the check, write "For Mobile Deposit Only." If you have any questions about the product, please call us at 937-783-2451.

We also have more options for customers looking to practice social distancing. We encourage you to use our convenient drive-thru for your banking needs without leaving the comfort of your vehicle. You can also always call the bank at 937-783-2451 during business hours or email the bank at info@fnbblanchester.com.

We will continue to monitor the latest news regarding the Coronavirus, and if conditions warrant, we may reassess our operating procedures. Please continue to follow the advice of the CDC regarding COVID-19, which can be found at cdc.gov. We will provide any updates regarding the operations of your hometown bank as needed.

Thank you for your continued loyalty and patronage.

- Your Friends at the FNB
